ABOUT ME

I'm a Software Engineer with 1+ years of experience. Before working in the IT industry, I've had over 4 years of experience working in F&B as an IT Consultant and a Store Manager.

I'm strongly interested not only in JavaScript, HTML, CSS but also in many JavaScript libraries and frameworks. Moreover, I'm confident about my adaptability, soft skills, English, communication skill, and my sense of humour.

EDUCATION

FPT Polytechnic HCM (JAN 2014 > JUNE 2016)

Degree of Associate of Software Engineering

- After graduated from FPT Polytechnic HCM, with GPA "8.8", knowledge and soft skills, I can work as a Software Engineer with good skill at HTML, CSS, and some JavaScript frameworks and libraries (ReactJS, EmberJS, Angular), or a Network Administrator, or a Test Engineer.
- Otherwise, I have knowledge about NodeJS, and data management (SQL, Oracle).

WORK EXPERIENCE

KMS Technology Vietnam (OCT 2019 > PRESENT)

Software Engineer

- Work as a Software Engineering for Tricentis Flood - a Distributed Load Testing DevOps Tools.
- Implementing new Front-end features for Tricentis Flood (<https://flood.io>).
- Implementing new features for Flood Element - a browser-based load generation tool (<https://element.flood.io>)

Apps Cyclone (AUG 2019 > OCT 2019)

Front-end Developer Internship

- Work as a Front-end Developer and develop web application for Apps Cyclone's client.

WiSKY Information Technology Solution (JAN 2017 > APR 2018)

Business Analyst

- Analyze client's business requests and convert into requirement documents for developer team.
- Communicate directly with clients to deploy, hand over and guide to operate systems.
- Perform quality assurance.
- Support on-site deployment & testing.

ACTIVITIES

FPTU Brothers & sisters (SEP 2017 > DEC 2018)

Team Leader

- Organize monthly events, network with new FPTU students.
- Analyze and set up training course based on management team's requirements.
- Sharing experience about living and studying skill.
- Taking care about Brothers and Sisters Group.
